

### Cathedral Prep Water Fountain Comparisons

Drinking Fountain (Identified by Location)	Brand	Stream Characteristics	Aestheticism	Location Quality	Most Noticeable Trait (Good or Bad)	Ranking (out of 13)
1st floor outside of Fr. Jabo's office	Elkay	Thin stream radius, slightly less than average height, broad arc, and low splash radius	All around generally clean	Not much traffic in the area. Also 1 of 2 drinking fountains on 1st floor area	Located by Fr. Jabo's office	4th
1st floor outside of Finance Office	Elkay 'EZ H2O' Model	Very average arc height, width, and stream thickness	All around generally clean	Crucial location and in potentially the highest traffic area	Located in very high traffic area	1st
1st floor in the science wing	Oasis	Average everything except for a thick stream	Only has 2 front buttons as opposed to the normal 4	Crucial to science wing	Nothing really- overall average	6th
2nd floor across from Mrs. Quinn's room	Elkay	Noticeably lower and shorter stream, and squirts when button first pushed, but then slows down	Noticeably higher mounted and resistant front buttons	Average location. 1 of 2 in second floor, in a not so busy area	Height and resistant buttons	9th
2nd floor adjacent to the library	Oasis	Overall very pleasurable stream, with no striking faults	Damaged right front button. Also very dirty and overall not aesthetically pleasing whatsoever	Decently high traffic area due to library	Loud and goes down when the adjacent bathroom's toilet is flushed	5th
2nd floor in the science wing	Elkay	Overall average	Overall average-somewhat dirty	Crucial to science wing	Nothing really- overall average	11th
3rd floor by Mr. Vicary's rooms	Elkay	Noticeably colder stream than all others	Most good looking- No visible gum, rust, etc.	Average location- 1 of 2 on the 3rd floor, which is not overly busy	Noticeably colder stream	10th
3rd floor outside of Mrs. Slaby's room	Oasis	Obnoxiously thick and high stream, and water often appears white presumably due to bubbles	Severely damaged left handle, some gum on it, and noticeable rust	Average location- 2 of 2 on 3rd floor, which is not overly busy	Often splashes to the point of creating puddle around fountain	8th
4th floor across from Mr. Hubert's room	Oasis	Very skittish stream (wavers up and down), and noticeably shorter	Has a band aid, slime, and gum on it	Crucial- only drinking fountain on 4th floor	Nothing really- overall average	7th
Towards the very back of the weight room	Oasis (old fashioned model)	Overall average	Has a turn knob which is somewhat loose/jiggly. Probably also has sweat on it, given its location	Probably the most necessary, since it is crucial to the weight and wrestling room	Is very necessary	3rd
In the swim locker room, by Coach G's office	Elkay	Overall average	Overall average-somewhat dirty	Possibly second most necessary-crucial to swimmers	Is also very necessary	2nd
Immediately when entering the cafeteria	Elkay (slim version)	Overall average	Slick, rectangular, and sexy- "Long, tall and handsome"	Controversial- Is located in cafeteria (somewhat unnecessary) but also very handy because it is right when walking in	Located in cafeteria	13th
Towards the back of the cafeteria behind the main lunch line	Elkay (slim version w/ spout attachment)	Overall average, but also has spout attachment	Slick, rectangular, and sexy- "Long, tall, and handsome"	Debatable whether or not necessary to have 2 fountains in cafeteria	Has the spout attachment	12th
